PROMOTION

We will promote your business through multiple venues and channels, like web and social media exposure, community events, monthly networking events, a listing in the Membership Business Directory (both online & print form), special afternoon & evening mixers, and ribbon cuttings.

RESOURCES

We will provide important and invaluable resources through community and City connections, business lesson webinars, seminars, local one-on-one counseling appointments with business mentors, and business builder events. Other important resources include free drive thru E-Waste events, and special guest speakers at our networking events.

INVOLVEMENT

We will keep your business involved through community events (both online and in-person), local outreach and advocacy initiatives, and actions for positive change. We also provide sponsorship opportunities, giving members added business exposure.

MARKETING

We will provide the necessary tools to market your business, locally and beyond. We offer marketing resources via referrals, brochures/business cards displayed in other member customer-facing businesses, member to member discounts and partnerships, and the ability to include your flyer in our membership packets.

EDUCATION

We will work to make sure you and your business are educated about the surrounding community, while also educating the community about your business. We are advocates for local businesses to start, maintain and grow in the San Gabriel Valley by providing education and outreach, as well as support regarding legislation & rulings that impact local business. Our education and outreach efforts provide the opportunity for you to develop strong business relationships and referrals within our community.

“The networking opportunities are perhaps the best business reason to join the Chamber but frankly the Covina Chamber is one of the friendliest chambers I’ve ever attended! Covina Chamber is full of new friends and business associates waiting to meet you!”

– Dawn Cychner, *C&S California Capital*
